SUPER-ABSORBENT, WATER-ACTIVATED FLOOD PROTECTION

**STEP 1. DEPLOY**    **STEP 2. ACTIVATE**    **STEP 3. PROTECT**

OSMO product line is specially built to protect property from any kind of flood damage.

- **Thirsty Pads** are a disposable, super-absorbing, floor pad designed to protect floors and hard surfaces from water based leaks and spills. Great for tight spaces-can completely replace a bucket.
- **Flood Barriers** is a disposable re-usable super absorbent barrier designed to protect homes and businesses from the flow of flood water! Great replacement for sand-bags.
- **Plumber's Pads** are disposable floor pads designed to protect floors and hard surfaces from water based overhead leaks.
- **Thirsty Socks** are long versions of the thirsty pad. Can be used to contain a larger leak from an appliance or area.

**All OSMO products:**

- Super Absorbent
- Made from Recycled Materials
- Durable & Disposable
- Easy Storage
- Quick Deployment
- Small & Lightweight
- Protect your property from water damage!
