Hand Tool and Chain Safety Training Program

At the APEX TOOL GROUP, we are committed to End User safety. Our professional line of tools is made with safety in mind. We always find a balance between functionality, innovation, and safety.

The APEX TOOL GROUP offers these value added programs to End Users to promote Safety in the work place.

1. Hand Tool and Chain Sling safety training
2. Chain Sling inspections
3. Product Applications Expertise
4. Tool Audits

These programs are designed to:

1. Fulfill OSHA requirements for regular safety training
2. Help implement safer working environments
3. Make sure employees know how to work safely
4. Reduce your costs associated with workers compensation claims, labor replacement, and lost time due to injuries

For more information about the value added programs that are offered contact your Stellar Industrial Sales Representative.
