FASTER & SAFER WELD CLEANING

SURFOX™ 306

Heavy-duty production unit for efficient stainless steel weld cleaning and high quality passivation

BENEFITS

- ✓ Dual user functionality allows two users to work with the same machine
- ✓ Dynamic flow feature ensures the right amount of fluid is dispersed reducing waste
- ✓ Cleaning electrolytes are NSF registered to be used in food plants
- ✓ LCD panel with more precise settings and multi-language capabilities

PORTABLE SOLUTION

The SURFOX™ TURBO is the easiest model to operate on top of being the most lightweight.

- ✓ Easiest to use
- ✓ Portable and lightweight
- ✓ Dip and work system
- ✓ Great option for field work

ASK FOR A DEMO TODAY

DUAL PURPOSE SOLUTION

E-WELD 3 is a dual purpose high-temperature anti-spatter and cleaning solution to cut cost from your stainless steel welding operations.

BENEFITS

- ✓ Reduce consumable costs with a two-in-one solution
- ✓ VOC-free contributing to a safer work environment
- ✓ NSF registered
