3M™ Performance Industrial Spray Gun System

- Lightweight, impact-resistant body made from advanced composite material
- Convert between pressure-fed whip hose and 3M™ PPS Series 2.0 Spray Cup System
- Quick-change, replaceable nozzles ranging from 1.1 to 2.0
- Designed for comfort
- Simple, innovative design means fewer parts to maintain or rebuild

[STELLAR #3MCOM 051131-26832-6 \(Spray Gun Only\)](#)

3M™ Performance Spray Gun Ball Valve

- Ball valve lets the painter stop fluid flow to spray gun
- Attaches between whip hose and supply hose in a pressure feed configuration
- Seals are compatible with both solvent-based and waterborne coatings
- Allows for spray gun removal or nozzle replacement without disabling the pressure source

[STELLAR #3MCOM 051131-26839-5](#)

3M™ Performance Spray Gun Pressure Whip

- Helps quickly convert Performance Spray Gun between gravity and pressure fed systems
- Securely fastens to spray gun base for better balance and hose control
- Quick connection to 3M™ Performance Pressure HVLP Atomizing Heads for easy assembly or replacement
- Attaches to supply hose with standard threaded connection
- Special easy-on stabilizing bracket attaches hose to spray gun body
- Transparent pressure whip hose makes it easy to verify cleaning is complete

3M™ Performance Pressure HVLP Atomizing Head Refill Kit

- Kit includes two of each size 1.1, 1.4, 1.8 to spray a wide range of industrial coatings
- Nozzles attach to the spray gun and whip hose easily without the need for additional tools
- Like-new spray performance with each new atomizing head
- Excellent pattern control, atomization and transfer efficiency
- Use exclusively with the 3M™ Performance Spray Gun
