iHealth THERMOMETER

iHealth Thermometer PT3 is an infrared No-Touch forehead thermometer that gives you 1-second testing to know the current body temperature of someone you care.

- High precision: ultra-sensitive infrared sensor measures IR energy emitted from the forehead and collects more than 100 data points per second.
- Fast testing in just 1 second, get reading instantly.
- Safe & Hygienic. No-Touch design, non-invasive measurement.
- Gentle vibration to alert when a reading completed. No annoying beeps.
- Hold. Aim. Press. Only 3 steps to test, easy for self-measurement.
- Readable at night with LED backlit.
- 2 AAA batteries
- Quick user guide
