

11-644

Ansell Cut Protection Technology with Ergonomic Design

Safety, durability and comfort combined

- HyFlex[®] 11-644 offers a dynamic mix of performance, durability and comfort
- The ANSI Level 2 & EN 388:2016 Level B cut performance and lightweight ergonomic fit strike the perfect balance of protection and precision when working with small, sharp parts
- The HyFlex 11-644 glove with Ansell Cut Protection Technology is an effective way to decrease injury expenses without reducing productivity or quality. That's because it combines superior cut protection, abrasion resistance, grip, tactility, and dexterity in a comfortable glove your workers are more likely to wear

Industries

- Automotive
- Machinery and Equipment
- Metal fabrication

Applications

- Press shop operations
- Handling metal sheets & panels
- Handling parts with sharp, rough edges
- Seizing structural and body parts
- Inspection (picking, checking and marking)
